## MAX ZOOM® SERIES

Engineered with excellence. Manufactured for you

Available with a 48", 52", or 60" deck size, the Ariens Max Zoom series is ideal for homeowners looking to overcome the challenges of large yards and varying landscapes. Features include robust components, Hydo-Gear® transaxles, and a fabricated 4-point commercial deck for long-life and a flawless finish in a fraction of the time it takes with other mowers. Supported by a 3-year limited consumer warranty and a 5-year deck shell and frame warranty, the Ariens Max Zoom is an exceptional value manufactured to provide years of reliable performance.

### MODEL OVERVIEW:

Max Zoom®	Model #	Kohler® 7000 Twin	Kohler® 7000 Pro Twin	Cutting Width	Ground Speed (Fwd/Rev)	Fuel Capacity
Max Zoom® 60	991087	•	25 HP/ 725 CC	60"	8 MPH/4 MPH	6.0 GAL. / 22.7 L
Max Zoom® 52	991086	23 HP/ 725 CC	•	52"	8 MPH/4 MPH	6.0 GAL. / 22.7 L
Max Zoom® 48	991085	22 HP/ 725 CC	•	48"	8 MPH/4 MPH	6.0 GAL. / 22.7 L

u with passion.

**4-Point Commercial Deck Hanging System** delivers a level of durability found only on professional mowers.

**10-gauge fabricated deck** with 3/8" reinforced leading edge and maintenance-free cast iron spindles ensure lasting strength and durability.

**Fully Adjustable Control Arms** with three mounting positions accommodate operators of all sizes. Vibration isolators increase operator comfort while flip out handles allow for safe, quick, easy access to and from the operating position.

**Hydro-Gear® ZT-3100 Series Transaxles** offer increased torque/load capacity similar to professional mowers.

Choose from **9 cutting positions** ranging between 1" to 5" to achieve the results you desire.

Approximate maximum speed of **8 mph forward and 4 mph reverse.**

Similar to commercial-grade mowers, a **welded steel frame with tubular structure** creates strength and rigidity serving as the backbone of the mower.

Limited  
**5 Year**  
Frame & Deck Shell  
Warranty

**Zoom® XL SERIES**    A legacy of quality craftsmanship you can trust.

Complete with your choice of a 42", 48", or 54" fully fabricated and welded deck, the Ariens Zoom XL tackles medium to large yards with ease and efficiency. A foot-operated deck lift makes it easy to adjust the cutting height from 1.5" to 4.5" in 1/2" increments to ensure the manicured landscape you strive for. Best of all, dependable performance is what you can expect with a Kohler 7000 series twin cylinder, OHV engine as the driving force behind this zero-turn.

**MODEL OVERVIEW:**

Zoom® XL	Model #	Kohler® 7000 Twin	Cutting Width	Ground Speed (Fwd/Rev)	Fuel Capacity
Zoom® XL 54	915173	24 HP/ 725 CC	54"	6.5 MPH/3 MPH	3.8 GAL. / 14.4 L
Zoom® XL 48	915165	22 HP/ 725 CC	48"	6.5 MPH/3 MPH	3.8 GAL. / 14.4 L
Zoom® XL 42	915163	20 HP/ 725 CC	42"	6.5 MPH/3 MPH	3.8 GAL. / 14.4 L

**Fully Tubular Frame** creates structural rigidity for superior strength and stability as compared to competitors c-channel frame.

Arien's  
Tubular Frame

Competitors  
C-Channel Frame

**Control Arms** can be adjusted in three directions to accommodate operators of different sizes. The handlebars also flip open providing quick, easy access to and from the operating position.

**10-Gauge Fabricated Deck** delivers an excellent cut quality along with a level of durability typically found in commercial mowers.

**Hydro-Gear® ZT-2800 Series Transaxles** create a smooth driving experience.

**Foot-Operated Deck Lift** allows the user to adjust the height of cut from 1.5" to 4.5" in ½" increments with a simple lever.

Approximate maximum speed of **6.5 mph forward and 3 mph reverse**.

**Kohler® 7000 Series** twin cylinder, OHV engine provides perfectly matched power and performance with 20 to 24 hp.

Limited  
**5 Year**  
Frame & Deck Shell  
Warranty

**ZOOM® SERIES**     Designed and built to last generations.

Engineered for performance yet designed to suit the versatile needs of today's homeowner, the Ariens Zoom Series mower is ideal for small to mid sized lawns. Choose between a 34", 42", or 50" deck to meet your landscaping needs and preferences. Enjoy an unmatched level of operator comfort and user-friendly controls which reduce operator fatigue. Complete with robust components including a 12-gauge stamped XLerator™ deck and a foot-operated deck lift, this mower is designed to last for many years.

**MODEL OVERVIEW:**

Zoom®	Model #	Kohler® 7000 Twin	Briggs & Stratton® Twin	Cutting Width	Ground Speed (Fwd/Rev)	Fuel Capacity
Zoom® 50	915161	22 HP/725 CC	•	50"	6 MPH/3 MPH	2.0 GAL. / 7.5 L
Zoom® 42	915159	20 HP/725 CC	•	42"	6 MPH/3 MPH	2.0 GAL. / 7.5 L
Zoom® 34	915189	•	16 HP/656 CC	34"	6 MPH/3 MPH	2.0 GAL. / 7.5 L

**Compact Design** provides enhanced maneuverability. Featuring a 34" deck, the Zoom 34 easily moves through a standard 36" gate for quick, efficient mowing.

**4-Point Deck Lift System** provides superior deck stability that can be immediately felt once onboard.

**Deck Washout Port** provides a convenient way to keep the deck clean and maintain peak cutting performance. Keeping your yard beautiful (Zoom 42" and Zoom 50" only)

Operator comfort is enhanced with an **18" high-back seat** (Zoom 42" and 50" models only)

**Foot-operated deck lift** makes it easy to adjust the height of cut at a moment's notice with ½" increments ranging from 1.5" to 4.5".

**12-Gauge, Stamped XLerator™ Deck** is engineered to provide maximum air flow for an exceptional cut and long-lasting performance (Zoom 42" and Zoom 50" models only)

Limited  
**5 Year**  
Frame & Deck Shell  
Warranty

# LAWN TRACTORS

Ride your way to a flawless finish.

When it comes to investing in a lawn tractor, the last thing you should do is settle. Equip yourself with the power and reliable performance of an Ariens lawn tractor to achieve the landscape you long for. Built with American craftsmanship and durable components, Ariens lawn tractors are easy to operate and comfortable to use for complete operator satisfaction long into the future.

## MODEL OVERVIEW:

Tractors	Model #	Kohler® Courage Single	Kohler® 7000 Twin	Drive	Cutting Width	Turning Radius	Ground Speed (Fwd/Rev)	Fuel Capacity
Garden Tractor 54	936096	•	25 HP/725 CC	Hydro Foot Pedal	54"	10"	5.5 MPH/2.5 MPH	4 GAL. / 15.2 L
Lawn Tractor 54	936097	•	25 HP/725 CC	Hydro Foot Pedal	54"	10"	5.5 MPH/2.5 MPH	3 GAL. / 11.4 L
Lawn Tractor 48	936098	•	22 HP/725 CC	Hydro Foot Pedal	48"	10"	5.5 MPH/2.5 MPH	3 GAL. / 11.4 L
Lawn Tractor 46	936099	•	22 HP/725 CC	Hydro Foot Pedal	46"	10"	5.5 MPH/2.5 MPH	2.5 GAL. / 9.5 L
Lawn Tractor 20/42	936100	20 HP/597 CC	•	Hydro Foot Pedal	42"	10"	5.5 MPH/2.5 MPH	2.5 GAL. / 9.5 L
Lawn Tractor 17/42	936101	17 HP/597 CC	•	6 Speed Gear Drive	42"	16"	5.5 MPH/2.5 MPH	1.5 GAL. / 5.6 L

**Cast iron front axle** provides the durability and strength required to support front end attachments and overcome rough terrain.

Fingertip activated **electric PTO** for smooth deck engagement

**Hydro-Static foot pedal drive system** with cruise control allows for easy and smooth speed adjustment allowing you to set your own pace while mowing. *(Not available on Lawn Tractor 17/42)*

**Kohler®** single and twin cylinder engines provide power and performance from a name you can trust. Choose the engine best suited to meet your needs and preferences with robust engine options ranging from 17 hp to 25 hp.

Powered by  
**KOHLER**  
ENGINES

Operator comfort is ensured with an **angled steering wheel** and a 15" high-back seat that can be moved forward or back to accommodate operators of varying heights.

**Easy-to-use levers and controls** make mowing a breeze while a wide step through design allows for easy access to and from the operating position.

**Forward ground speed of 5.5 mph and 2.5 mph in reverse** cut down on mowing time.

**Industry leading 10" turning radius** for optimum maneuverability and navigation around trees, flower beds and other obstacles. *(Not available of Lawn Tractor 17/42)*

**Wide selection of available attachments** including a snow blade, snow thrower, snow cab, dozer blade, scoop, cultivators and more. *(some attachments are not available for every model)*

Large capacity baggers simplify clean-up of leaves, debris and grass clippings for quick, efficient landscape perfection. Other available attachments and accessories allow users to get the most out of their unit all-year long. The same demanding standards for high-quality American craftsmanship assures you versatile attachments are designed to provide lasting performance you can rely on for generations to come.

### **3-BAG POWERED BAGGER:**

- 9-bushel capacity
- Heavy-duty cloth bags
- High output grass pump
- Easy deck mount spindle-driven fan
- Compatible with Zoom XL and Max Zoom series

### **NON-POWERED BAGGER:**

- 6-bushel capacity
- Geometric shape generates increased air/grass velocity
- Power result without a grass pump assist
- Compatible with Zoom series

### **48" TOW PLUG AERATOR**

- Opens soil to water, air, and nutrients for improved root growth and overall lawn health.
- 48" weight tray holds up to 175 lbs. for greater soil penetration.
- All eight aerator knife spools are galvanized to resist rust.
- 10" X 4" pneumatic tires foster smooth transport

### **36" POLY ROLLER**

- Provides versatility that can be utilized for multiple applications around the yard such as packing down new seed or leveling uneven ground.
- Lightweight when empty for easy transport and storage.
- Poly construction for rust resistance.
- 18" diameter X 36" wide

most out of your mower.

#### ◀ CONVERTIBLE DUMP CART

- Versatile cart that's perfect for accomplishing numerous chores including hauling debris, mulch, tools, and more!
- Converts easily to function as a tow or push cart
- 500 lb. capacity for heavy loads
- 30.5" X 4" X 11" bed size
- Durable poly construction means the cart is easy to clean and rust resistant
- Large pneumatic tires make it easy to maneuver

**CHROME WHEEL COVERS**

**OPERATOR CONTROLLED  
CHUTE BAFFLE**

**SUNSHADE**

**HITCH KIT**

**FLEX TEND™ SHOULDER  
SUPPORT SYSTEM**

**DETHATCHER**

**15-GALLON SPRAYER**

**SPREADER**

For additional details, consult your local Ariens dealer.

**CLASSIC LM**

For more than 30 years this classic has made the cut.

**FEATURES:**

- Rugged, 14-gauge stamped steel deck
- 6 cutting positions ranging from 1" – 3.5"
- 4 position adjustable handlebar accommodates users of different heights
- Choose from straight axle or swivel front axle designs
- 3-in-1 cutting system allows users to choose from side discharge, mulch, and bagger options
- High-lift blades maximize bagging efficiency

**CLASSIC LM21S****MODEL OVERVIEW:**

Walk-Behinds	Model #	Kawasaki® FJ180V	Kohler® XT-7.75	Cutting Width	Variable Ground Speed	Front Axle	Fuel Capacity
Classic LM21SW	911194	179 CC	•	21"	0-4 MPH	Swivel Wheel	0.53 GAL. / 2 L
Classic LM21S	911193	179 CC	•	21"	0-4 MPH	Straight	0.53 GAL. / 2 L
Classic LM21	911170	•	173 CC	21"	•	Straight	0.37 GAL. / 1.4 L

**FEATURES:**

- Variable speed self-propelled units allow the user to easily adjust speed and pace with the squeeze of a lever
- Single point height of cut lever allows for quick, simple adjustments to overcome grass conditions and achieve desired results
- A deep domed deck maximizes air flow for superior quality of cut
- 3-in-1 cutting system allows you to choose between bagging, mulching, or side discharge options
- Rite-Hite™ handlebar adjustment
  - Change the height of the handlebar directly from the operating position by pushing the bail forward
  - Three mowing positions and two storage positions make your operating experience and ease of storage when not in use
- 159 cc Ariens and 175cc Subaru® Engine options
  - Easy, no-prime, no-choke start up

The **Deep Domed Deck** maximizes air flow for superior quality of cut when you mulch, bag or side discharge.

**MODEL OVERVIEW:**

## PRESSURE WASHERS

### FEATURES: 3000 & 3300 PSI

- 169 - 211cc Subaru® 4 Cycle OHV Engine with idle-down automatically adjusts the power output to save fuel
- 2.6 – 3.0 GPM Professional Grade CAT Pump with ceramic plungers
- Professional-Grade Quick-Connect - 0°, 15°, 25°, 40° short and long range soap nozzles offer washing versatility (15° is not included on 3000 psi model)
- 30 ft. hose - Steel braided on 3300 PSI model and Powerflex on 3000 PSI model
- 12" NEVER FLAT tires maneuver easily on rough terrain (Foam filled on 3300 psi model, plastic rim on 3000 psi model)

### FEATURES: 2800 PSI

- Maintenance Free 2.5 GPM Axial Cam Pump
- Powerful 208cc Ariens AX Engine
- Precision – 0, 25, 40-degree and short and long range soap nozzles included
- Wheel barrow frame with quick release handle
- 10" Steel Rim Never Flat Wheels
- 25' Non-Marring M22 High Pressure Hose

## PRECISION TILLERS

Eliminate pesky weeds and cultivate nutrient rich soil with an Ariens Precision Tiller. Choose from a rear or front tine model to suit your individual garden size and needs.

### REAR TINE

#### FEATURES:

- Chain drive transmission provides superior torque
- 17" tilling width
- 6.5" tilling depth
- Handlebar adjusts to suit operators of various heights
- Dual rotating tines for forward or reverse travel

### FRONT TINE

#### FEATURES:

- Chain drive transmission for superior torque
- 12", 22", and 24" tilling widths
- Heat treated tines for long-lasting durability
- 6" tilling depth
- Folding handlebars for quick, easy storage
- Adjustable rubber wheels and depth stake

# STRING TRIMMER

## FEATURES:

**Kohler® OHV XT engine** is low-maintenance and runs quiet

**15-degree reinforced steel pivoting head** and 14-gauge stamped deck provide long-lasting functionality and durability

**4-position cutting height adjustment** tackles grass and weeds of varying length with ease

**Ergonomic, multi-position handlebar** folds up for convenient storage

**Deck swivels 15-degrees left and right** for precise trimming along walls and fences

# EDGER

## FEATURES:

- Laterally adjustable front wheel for trimming
- 4-point cutting height adjustment
- All-steel design ensures strength and durability
- Curb hop feature allows the right rear wheel to adjust vertically for edging along curbs
- Robust, ergonomic T-handle optimizes operator comfort and control

# LOG SPLITTER

Centrally-located controls and an open operating zone allows users to work from either side of an Ariens Log Splitter reducing operator fatigue and conserving energy while dividing work time in half.

## FEATURES:

Choose from **3 available models** to suit your needs and preferences — 22, 27, or 34-ton.

**Powerful Subaru® engines** perform efficiently with minimal noise and emissions

**Horizontal and vertical splitting** positions provide flexibility for splitting large, heavy logs

**Integrated log cradle** prevents logs from falling to the ground

**Cast iron hydraulic pumps**, high temperature return line hoses, and industrial couplings mean each unit is built to last

**A tapered wedge design** requires less tonnage while splitting logs faster and more efficiently

**Centrally located controls** and an open operating zone allow for operation from both sides of the machine. The operator doesn't have to step around a wheel/fender when they load and unload logs.

# ALL-PURPOSE VAC

Easily collect litter, leaves, dirt, and other debris with a high-powered all-purpose Vac.

## FEATURES:

Robust **Subaru® 190cc** overhead cam engine

**Push/self-propelled** drive system

**1775 cfm** of suction power

Durable **12-gauge steel fan** housing

Generous **31-inch clearing** width

**6 cu ft. /43 gal.** collection capacity

**Large 14-inch solid rubber wheels** provide maneuverability

Easy to empty, **zipperless wire formed bag**

**Rite-Hite Handlebar™** provides 5 operating positions for a comfortable working experience

**13.5-inch steel, 5-blade impeller** with serrated edges reduces debris

**Suction height adjustment** with 17 positions ranging from 0 to 5"

## 18" Cut Hydro Sod Cutter

*Featuring Set and Forget™  
blade depth adjustment*

**ALL NEW  
HYDRO  
DRIVE!**

### Effortless Operation and Maximum Productivity for Any Job, Any Operator

- Best in class Set and Forget blade depth adjustment saves time and provides precise cutting depths to 2.5 inches
- Variable speed hydrostatic drive transmission allows operators to match cutting speed to ground condition
- Fastest transport speed of any unit on the market – over 3.5 mph.
- Adjustable reverse speed allows maneuvering out of tight areas
- Standard rear swivel caster is perfect for curved work and locks for straight cutting
- Oversized handle isolation mounts absorb vibration
- Unique drive wheels clear mud and improve grip
- 5.5 Honda power with a 3-year warranty

 Made in the USA

## Features and Specifications

### HYDRO-DRIVE TRANSMISSION

Variable speed hydrostatic drive transmission allows user to tailor cutting speed to ground condition, maintaining sod quality and maximizing productivity. Offers fastest transport speed on the market at over 3.5 mph. Adjustable reverse speed allows seamless maneuvering out of tight areas quickly, without damaging sod.

### SET AND FORGET™ BLADE DEPTH ADJUSTMENT TO 2.5"

Single lever and clamp at user's operating position adjusts simply, saving time and providing precise cutting depths for all tasks including sod relocation, flower bed or planting area creation, concrete flat work and other hardscape projects.

### FINGER-TIP ACCESS DRIVE CONTROLS

Comfortably under-mounted for finger-tip access versus paddle or roll throttle styles.

### REAR SWIVEL CASTER

Perfect for curved work and locks for straight cutting plus reverse.

**MULTIPLE OVERSIZED ISOLATION MOUNTS** Mounts are designed to absorb vibration so operator completes tasks quickly, comfortably and without fatigue.

**18" CUTTING BLADE** Cuts sod cleanly and evenly and up to 2.5" depth. Optional 12" blade kit (Part No. 371600)

### UNIQUE DRIVE WHEELS

Tough cutting conditions are easily executed as paddle style wheels clear mud and improve grip for added control.

### FRONT BUMPER BAR & TIE DOWN POINTS

Machine transport is safe and easy with a heavy-duty front bumper bar and convenient tie-downs which provide stabilized strapping when moving to and from project locations.

# AERATORS

## AE401 & AE401H

(Briggs & Honda)

Step up to the unique features of Billy Goat's 19" wide AE401 aerator and see for yourself why people are switching.

The AE401 completely eliminates the conventional and cumbersome filling of the center drum found on other units on the market, which is prone to wear, vibration and damage. The unit also eliminates bulky steel weights in favor of a simple to use water weight positioned directly over the tines for better aeration depth.

The unit features:

Operators love the drive and tine engagement that is a snap to operate. Tilt up serviceability, quick service time with single bolt tine fastener, Fold-n-Go handles, and easy-adjust drive chains make service and transport convenient and simple.

- Outboard drive wheels eliminate both center wheel slip and abuse from ramp loading with the tines engaged.
- Fold-n-Go handles are excellent for transport & storage and fold without tools.
- Thick 'O-ring' style chain for long life and better lubrication. Stands up to pressure washing.
- Proprietary water tank eliminates bulky steel weights that are hard to handle and easy to lose.
- Replaceable tine stars are a patented design allowing individual replacement vs entire shaft.
- Lift n Lock tine disengagement for best in class comfort and productivity

Model	Engine	Tines	Tine Pattern	Weight	Coring Tines	Length	Width	Height	Wheels
AE401H	118 cc Honda	24	4.75" x 7" (12 cm x 18 cm)	242 lb Dry (110 kg)	.625" x 3.5" (1.6 cm x 8.9 cm)	57" (145 cm)	29" (74 cm)	52.5" (133 cm)	Semi-pneumatic
AE401	205 cc Briggs	24	4.75" x 7" (12 cm x 18 cm)	240 lb Dry (109 kg)	.625" x 3.5" (1.6 cm x 8.9 cm)	57" (145 cm)	29" (74 cm)	52.5" (133 cm)	Semi-pneumatic

Shown with optional water weight jugs

## AET48

For larger property aeration, the new tow behind AET48 is the ultimate in productivity and flexibility.

The standard 48" modular unit easily configures down to 24" and features interchangeable parts. Each 24" unit has four tine stars with 6 tines each that core up to 3" deep. Cuts service time with single bolt tine fastener.

The unit features:

- Tine disengagement bar and footpad standard
- Can also be configured up to 72" wide with the optional AET Expansion Kit (Part No. 361273)
- Easy fill & drain weight jugs weigh over 40 lbs each when filled with 5 gallons of water. 2 jugs per 24" unit. Not included, sold individually. (Part No. 361100)

Model	Tires	Tine Depth	Hitch Type	Dry Weight	Loaded Weight	Length	Width	Height	Jug Capacity	Towing Requirements
AET48	10" (25 cm) pneumatic	Up to 3" (7.6 cm)	5/8" Pinned Tow Bar*	240 lb (109 kg)	425 lbs (193 kg) w/4 full jugs	66" (168 cm) wheel to wheel	65" (165 cm)	29" (74 cm)	40 lbs (18 kg) ea. w/5 gal (19 ltr) water	15 HP min. riding mower or tractor

\*5/8" pin included

# OVERSEEDERS

## OS552 & OS552H with Auto Drop™

(Vanguard or Honda)

This unit comes standard with a 25 lb capacity poly seed box in the front of the unit and a 20" vertislicing delta reel that creates the ideal environment for seed to soil contact and high germination rates. On-board instructions make it simple to set drop settings based on seed type. Auto Drop system automatically starts and stops seed drop when blade is engaged and disengaged.

The unit features:

- Heavy-duty infinite height adjustment for precise depth adjustment gives longer blade life than preset adjustments
- No rust, no dent, low weight poly seed box—25 lb capacity
- Steel guards to protect bearings and pulleys
- Heavy-duty wheels for rugged use
- No tool, folding handles for storage and transport
- Inside engagement bail and padded handle
- 5.5 HP Honda or Briggs & Stratton Vanguard power with 3-year manufacturer warranty
- Easy adjustable idler and premium steel pulleys

Model	Engine	Depth Adj	Depth*	Reel	Productivity	Weight	Length	Width
OS552	205 cc Vanguard	Infinite	.125" → .5" (0.3 cm → 1.3 cm)	20" Slicing (51 cm)	13,200 sq.ft/hr	177 lb (80.3 kg)	45.5" (116 cm)	26.5" (67 cm)
OS552H	162 cc Honda	Infinite	.125" → .5" (0.3 cm → 1.3 cm)	20" Slicing (51 cm)	13,200 sq.ft/hr	179 lb (81.2 kg)	45.5" (116 cm)	26.5" (67 cm)

\*With up to an additional 1/2 inch (1.3 cm) of adjustment for blade wear.

## OS901SPS & OS901SPH

(Subaru & Honda)

The OS901 allows you to verticut and overseed, all in one pass! The newly enhanced unit is designed to reduce fatigue and save time with new long life, low thatch blade and rear foot pedal activation. An exclusively designed 22" slicing reel allows the unit to float with contours of yards, increasing seed to soil contact & improving germination rates.

The OS901 comes standard with Subaru or Honda power coupled to a self-propelled hydrostatic drive for infinite speed control. Its rugged design withstands the most demanding use. Optional clear seed box cover and chariot are available.

The unit features:

- New foot pedal activation increases operator comfort and improves blade depth and wear
- New blade provides improved slicing, reduced thatch pick-up and offers longer life
- Self-propelled hydrostatic drive for infinite speed control
- Intuitive forward & reverse drive controls for incredibly simple operation
- Auto Drop™ System automatically starts and stops seed drop
- 22" cutting head floats with contours of yards

Shown with optional clear seed box cover.

# OVERSEEDERS

## OS552 Features / Benefits

25 lb front mounted poly seed box with on-board customer instructions to help set drop rates for various seed. The box and agitator bar won't rust or dent – standard on the overseeder.

Heavy-duty wheels with steel rim and roller bearings stand up to the most demanding customers and applications.

Auto Drop™ system easy to adjust, with drop rates for a variety of seeds listed in on-board instructions.

Fold-n- Go™ no tool, no bolt foldable handle with inside bail and padded handles. Great for comfort, storage, transport and long life. (PR550 unit shown).

## OS901 Features / Benefits / Accessories

Fold-n- Go™ no tool, no bolt foldable handles are great for storage, transport and long life.

Self-propelled hydrostatic drive with intuitive forward & reverse drive controls eliminate pushing to reduce fatigue. Simple auto release switch for transport in off position.

Auto Drop™ system automatically starts and stops seed drop with reel engagement & disengagement, conserving valuable seed.

Elevated seed box prevents moisture from clogging the seed drop & provides excellent visibility. Axle driven seed agitator eliminates belts & tire-on-tire systems.

Foot pedal retro kit easily converts OS900 series models with rear foot pedal activation for operator comfort and improved blade depth and wear. (Part No. 351611)

Improved blade design Provides improved slicing, reduced thatch pick-up and longer life due to sharpened leading edge, design, attack angle and new height adjust. (Part No. 351305)

Floating cutting head with an exclusively designed 22" (56 cm) slicing reel floats with contours of yards, increasing seed to soil contact & improving germination rates.

Accessories Clear Seed Box Cover (Part No. 351600) Chariot (Part No. 351601).

# POWER RAKES

## CR550HC

(Honda)

Billy Goat's Compact Power Rake maneuvers easily around small properties effortlessly, removing matted thatch from turf in 51 cm/ 20" passes. Its rugged design withstands the most demanding use.

The CR550HC comes standard with Honda power coupled to a free-swinging heat treated tempered flail blade reel, mounted to construction grade cast iron bearings with grease nipples. The flail reel can be changed over to an optional slicing reel or spring tine in 10 minutes!

The unit features:

- Weighs only 129 lbs
- 5.0 HP Honda GC engine
- Construction grade cast iron bearings with grease zerks
- Heavy-duty single piece construction for low vibration and comfort
- Fold-n-Go™ foldable handles for simple transport – no tools needed
- Premium inside mounted engagement bale
- Heavy-duty steel pulleys
- Adjustable idler permits tension setting for maximum belt life

## PR550 & PR550H

(Vanguard or Honda)

The PR550 efficiently removes matted thatch from turf in 20" passes, and its rugged design withstands the most demanding use.

The PR550 comes standard with Honda or Vanguard power coupled to a free swinging heat treated, tempered flail blade reel, mounted to heavy-duty cast iron pillow block bearings with grease zerks. Optional spring or vertislicer delta reels are available.

The unit features:

- Heavy-duty infinite height adjustment for precise depth adjustment gives longer blade life than preset adjustments
- Steel guards to protect bearings and pulleys
- Heavy-duty wheels for rugged use
- No tool, folding handles for storage and transport
- Inside engagement bail and padded handle
- 5.5 HP Honda or Briggs & Stratton Vanguard power with 3-year manufacturer warranty
- Easy adjustable idler and premium steel pulleys
- Convertible to overseeder or vertislicer with optional accessories

Model	Engine	Depth Adj	Depth*	Reel	Productivity	Weight	Length	Width
CR550HC	5 HP Honda GC	Infinite	0.5" → 0.75" (1.3 cm → 1.9 cm)	20" (51 cm) Flail	13,200 sq.ft/hr	129 lb (58.5 kg)	38.5" (98 cm)	28.5" (72 cm)
PR550	205 cc Vanguard	Infinite	.125" → .5" (0.3 cm → 1.3 cm)	20" Flail (51 cm)	13,200 sq.ft/hr	160 lb (72.5 kg)	45.5" (116 cm)	26.5" (67 cm)
PR550H	162 cc Honda	Infinite	.125" → .5" (0.3 cm → 1.3 cm)	20" Flail (51 cm)	13,200 sq.ft/hr	162 lb (73.5 kg)	45.5" (116 cm)	26.5" (67 cm)

\*With up to an additional 1/2 inch (1.3 cm) of adjustment for blade wear.

# POWER RAKES

## CR550HC Features / Benefits / Accessories

Flail reel is perfect for accumulated thatch to ½ inch (1.3 cm) or more. Helps restore healthy growth of turf.

Infinite, heavy-duty depth adjustments save on blade wear when compared to preset adjustments that may promote premature flail wear.

Construction grade cast iron bearings come with grease zerks for purging dirty grease.

## PR550 Features / Benefits / Accessories

Fold-n-Go™ no tool, no bolt foldable handle with inside bail and padded handles. Great for comfort, storage, transport and long life.

Infinite, heavy-duty depth adjustment save on blade wear when compared to preset adjustments that may promote premature flail wear.

Premium steel pulleys, easy to adjust idler, and easy to change belt contribute to simple service and long life. Protected by a steel guard.

Flail reel standard on CR and PR. (Part No. 350112) Heat treated and tempered blades stand up to heavy use.

Optional spring tine reel (Part No. 350355-S) Efficiently removes thatch with a softer touch where sprinkler heads or other objects may be a concern. Fits CR and PR.

Optional verticiling reel Perfect for overseeding and thinning running grasses. (Part No. 350113). Fits CR and PR.

# BRUSH MOWERS

## BC2600HM & BC2600ICM

(Honda or Briggs)

The new BC2600 series mechanical drive, fixed deck models supersede the prior BC2403 series Outback® Brushcutters and are the same great Outbacks but with next generation features, ergonomics and productivity. The new series features a wider 26" deck for increased productivity; higher tip speed for better cut quality; a rubberized rear deck trim for added stump clearance in reverse; heavier spindle assembly; improved shifting at the control panel for operator comfort; a shifting linkage for longer cable life; thicker and wider ergonomic handles; and a low engine oil alarm for improved reliability.

The unit features:

- 24" cut with reinforced spindle
- 3-speed mechanical transaxle with reverse
- 16" puncture proof tires or optional foam filled tires
- Protected rear mounted clutch
- Angled rear discharge deck eliminates packing and wind rows

IDEAL FOR  
MEADOW  
WORK!

## BC2600HH & BC2600HEBH

(Honda)

The all new Outback® Hydro brushcutter is a 26" commercial-duty walk behind brush hog ideal for clearing brush up to 6' high and saplings up to 2.0" diameter. The Tuff Torq® hydrostatic transaxle with ETC (Enhanced Traction Control) is fully automatic, sensing when the rear wheel starts to spin, locking the wheel and giving it positive traction on hills or in wet or uneven conditions. The floating ±1 degree pivoting deck with proprietary return to neutral engineered to glide over uneven terrain. It has a 26" wide deck with higher tip speed for improved speed and cut quality. The Heavy-duty blade spindle is reinforced on 4 sides to tackle any brush job.

The unit features:

- Tuff Torq® hydro transmission featuring Enhanced Traction Control for positive traction on hillsides (Honda engine version handles up to 20-degree slopes with remarkable traction.)
- ±12 degree pivoting deck with proprietary return to neutral
- 26" wide deck with higher tip speed for improved speed and cut quality
- Thicker, wider, plow style handles and hand guards for better leverage and protection
- Forward and reverse at your fingertips with conveniently located controls

IDEAL FOR  
ROUGH  
TERRAIN,  
HILLS & HIGH  
BRUSH!

Model	Engine	Start	Cut Width	Height Adj	Productivity	Weight	Length	Width
BC2600HM	388 cc Honda	Pull	26" (66 cm)	Fixed Height	28,600 sq. ft/hr	336 (152.5 kg)	81.5" (207 cm)	30.75" (78 cm)
BC2600ICM	344 cc Briggs	Pull	26" (66 cm)	Fixed Height	28,600 sq. ft/hr	336 (152.5 kg)	81.5" (207 cm)	30.75" (78 cm)

# BRUSH MOWERS

## BC26 Fixed Deck Features/Benefits

Heavy duty blade spindle Reinforced in four directions for maximum durability and safety, so you can keep cutting in the harshest environments.

Rigid deck Provides excellent stability in deep vegetation while mowing your meadows.

Heavy duty mechanical transaxle Combines the transmission and differential into one sealed package with no linkages to snag on brush. 3 speeds and reverse. Underside guarding protects belts and clutch area.

Ergonomically-angled control handles with padded grips Intuitive drive controls make it easier to move forward & reverse. Wide plow style handles with padded grips & guards for maximum protection & leverage in deep brush.

## BC26 Hydro Features/Benefits

Tuff Torq<sup>™</sup> hydrostatic transaxle With ETC (Enhanced Traction Control) is fully automatic, sensing when the rear wheel starts to spin, locking the wheel and giving it positive traction. Provides superior traction on hills or in wet or uneven conditions.

Pivoting deck  $\pm 12$  degree pivoting deck with proprietary return to neutral is engineered to glide over uneven terrain and deep brush. 26" wide deck with higher tip speed for improved speed and cut quality.

Intuitive drive controls & handles with padded Grips Best in class control package allows the user to feather in forward and reverse directly from the handles - no shifting required.

Wider tractor tires for better grabbing and pulling power.

Rubberized rear deck trim Allows for easier stump clearance in reverse.

Heavy duty blade spindle Reinforced in four directions for maximum durability and safety, so you can keep cutting in the harshest environments.

# FORCE™ BLOWER

## F601S

(Subaru)

At only 76 pounds, this unit is one of the lightest in its class making it a breeze to roll through the yard. Ideal for residential cleanup, it costs little more than a backpack, but is 2.5 times more powerful so you'll get your work done faster with less fatigue. Unit features a 1 year machine warranty.

**Air volume = 2.3x backpacks\***

## F902H, F902S, F902SPS

(Honda or Subaru)

Step up to commercial cleanup power! This unit is ideal for medium size maintenance contractors and large property owners. Unit features a 5 year housing warranty, 3 year engine warranty and 2 year machine warranty.

**Air volume = 3.8x backpacks\***

Model	Engine	Velocity	Fan	Discharge	Weight	Front Wheels	Rear Wheels	Length	Width	Height
F601S	169 cc Subaru	Just under 200 mph	16" 16-blade Single Shot Composite	3.5" (9 cm)	76 lb (35 kg)	8" x 3" Semi-pneumatic	10" x 3" Pneumatic	43.5" (111 cm)	22" (56 cm)	26" (housing), 45" (handle)

# FORCE™ BLOWER

## F1302H & F1302SPH

(Honda)

Professional power and productivity, this Honda powered unit is a favorite for full-size landscapers, seal coaters, schools, parks departments, cemeteries, resorts, street departments, golf and estate properties. Unit features a 5 year housing warranty, 3 year engine warranty and 2 year machine warranty.

**Air volume = 6.2x backpacks\***

## F1802V & F1802SPV

(Vanguard)

The ultimate in volume and power! A 6" discharge with air velocity of just under 200 mph will blow and push leaves and debris farther so you can clean up faster than with any other blower in our lineup. Most manufacturers don't even make 'em! Unit features a 5 year housing warranty, 3 year engine warranty and 2 year machine warranty.

**Air volume = 7x backpacks\***

Model	Engine	Velocity	Fan	Discharge	Weight	Front Wheels	Rear Wheels	Length	Width	Height

# FORCE™ BLOWER

## FORCE Features / Benefits / Accessories

Patented Aim N Shoot™ Directs the air-flow where you need it most with fingertip control and is lockable for single positions.

Self-propelled Forget the fatigue associated with pushing blowers. The 9HP Subaru, 13 HP Honda and 18 HP Vanguard engines have self-propelled options to increase productivity!

Smooth, rounded housing vs steel eliminates air voids for quiet output and maximum performance! Proven design won't rust or dent! Backed by a 5-year warranty. (Excludes F601S.) Plus, compare against the weight of steel

Thicker padded handles and larger wheels are best in class for comfort and productivity.

Improved fan technology Features a single shot 16 blade, closed face fan. That's twice as many blades as most manufacturers! It's standard on all models and is the ultimate in performance and reliability!

Quietest on the market The quiet operation of the Force compared to backpacks and steel blowers is a welcome relief among users and in neighborhoods.

# FORCE™ BLOWER

Forward discharge Improved design of soft rubber is standard on F9 and F13. Not available on F18. It's a snap to install and is perfect for cleaning along walls and fences! (Optional kit on F601S model. Part No. 441130.)

Caster wheel kit Allows more maneuverability in tight spaces for moving airflow from side to side, without off-weighting the front wheel. (Part No. 440293.)

Quick hold down kit (Optional for F9, F13 and F18 models only. Part No. 440120) Quick trailer lock down attachment saves time.

Parking brake kit (Optional for F9, F13 and F18 models only. Part No. 440140) Prevents roll-aways on inclines and saves relocation time when you need to step away.

10-ft Hose Kit. Easily fits over nozzle to direct airflow into hard to reach spaces. 4"D x 10'L ( F601S model only. Part No. 441166.)

Foam filled front tire (Optional for F9, F13 and F18 models only.) Flat free tire is lightweight and rolls easily over terrain. (Part No. 440279.)

# ZERO TURN BLOWERS

## FZ1300H

(Honda)

The FZ quickly attaches to any ride-on or stand-on Z mower with a standard heavy duty JRCO mounting bracket. The 360 degree 4" rotational discharge control via optional finger tip control or foot pedal provides air in any direction required by the operator. The controls allow the operator to rotate output left or right with the touch of his finger or foot. The optional finger tip control adapts to either ride-on or stand-on Z mower models.

Powered by a Honda 13 HP engine with 16-blade composite fan technology for the ultimate in power and output.

The unit features:

- Quick attach and detach to any Z mower
- 360 degree rotational discharge control via optional foot pedal or fingertip control
- Avoid double cuts in spring
- Quick sidewalk and street cleanup all year
- Rapid fall leaf cleanup
- Eliminates fatigue factor

Attach to ride-on Z mower

Attach to stand-on Z mower

Web : [www.searaturfandgarden.com](http://www.searaturfandgarden.com)

# ZERO TURN BLOWERS

## Features/Benefits/Accessories

Pivoting throttle control handle. Pivots toward operator during operation for easy reach and comfort, and pivots away for easy entry and exit of the mower.

Quick attach. Via standard heavy duty JRCO bracket. Mounts to all major Z brands. Mounting bar is purchased separately from JRCO to match mower. See mount fit list at [www.jrcoinc.com](http://www.jrcoinc.com).

Two pins and kick stand. Make disconnect and quick attach simple for operator! Rear mounted housing handle for extra leverage.

Heavy duty caster wheels for stability. Plus, entire unit pivots up & down on rear quick attach so unit floats with terrain changes.

13 HP engine with 16-blade composite fan technology. For the ultimate in power and output.

Wrap around steel safety guard. Protects unit when working around trees and other objects.

360 degree 4" rotational discharge control via optional foot pedal or finger control. Provides air in any direction. Low maintenance flexible rubber discharge folds on impact to avoid damage.

Optional finger tip control. Adapts to either stander or ride-on hand control mounts. Includes 3 mounting diameters for different bar dimensions.

Optional magnetically mounted foot control. Allows operator to rotate output left or right with the touch of his foot. Discharge or discharge pointer is easily visible to operator at all times.

# Lawn and Litter Vacuums

## KV600 & KV650H

(Briggs or Honda Push)

## KV600SP & KV650SPH

(Briggs or Honda Self-Propelled)

Ideal for residential or smaller commercial property maintenance, Billy Goat's next generation 27" wide lawn and litter vac has been completely redesigned.

The unit features:

- Large 5-blade impeller with serrated edges to maximize suction and debris reduction
- Variable height adjustment for hard surface or turf work
- Breathable hard bottom mesh turf bag with an integral dust cover loads from the bottom.
- Bag zippers have been eliminated in favor of simple to use marine style clasps that open and close easily when emptying debris
- Honda or Briggs power coupled with smooth 12" tires on the push unit and rear wheel drive on the self-propelled unit make operation simple even in hilly turf environments
- Optimized nozzle configuration improves suction and debris flow and handles hedge clippings with ease

KV self-propelled model shown with optional 4" x 8' hose kit. Ideal for cleaning between shrubs, under decks, window wells, utilities and other hard to reach areas.

## TKV650SPH

(Honda Self-Propelled)

The TKV model features all the great features of our KV model but has an integral on-board 2" chipper. Now you can add branches to all your leaf, seed, bloom, mulch, litter, and debris clean up jobs. Self-propelled is standard on the TKV.

Model	Engine	Self-Propelled	Bag Volume	Bag	CFM	Weight	Length	Width
KV600	190 cc Briggs	No	40 gal (151 ltr)	Mesh w/dust skirt	1700	112 lb (51 kg)	62" (158 cm)	26.75" (68 cm)
KV600SP	190 cc Briggs	Rear	40 gal (151 ltr)	Mesh w/dust skirt	1700	129 lb (59 kg)	62" (158 cm)	26.75" (68 cm)
KV650H	187 cc Honda	No	40 gal (151 ltr)	Mesh w/dust skirt	1700	113 lb (51 kg)	62" (158 cm)	26.75" (68 cm)
KV650SPH	187 cc Honda	Rear	40 gal (151 ltr)	Mesh w/dust skirt	1700	132 lb (60 kg)	62" (158 cm)	26.75" (68 cm)
TKV650SPH	187 cc Honda	Rear	40 gal (151 ltr)	Mesh w/dust skirt	1700	141 lb (64 kg)	62" (158 cm)	26.75" (68 cm)

# Lawn and Litter Vacuums

## KV & TKV Features / Benefits

Integral dust skirt keeps dust down and away from the operator. Optional felt bag (Part No. 891126) is available for better dust control.

Zipperless bag uses two easy open fasteners for long life and simple unloading. Bottom loading.

New single speed rear self-propelled (KV600SP, KV650SPH and TKV650SPH only) is great in hilly turf applications.

5-blade serrated impeller maximizes both suction and debris reduction.

Optional hose kit (Part No. 891125) is great for cleaning hard to reach places.

The caster kit (Part No. 891128) and nozzle wear kit (Part No. 891127) increase maneuverability and help protect your investment against wear on hard surfaces.

The weatherproof cover (Part No. 891137) is ideal for protecting your machine from the elements.

TKV On-board 2" chipper Now you can add branches to all your leaf, seed, bloom, mulch, litter, and debris cleanup jobs.

Optional liner sleeve (Part No. 891134) protects housing in sandy conditions, increasing the life of the housing.
